

Silent Special Temporary Authority Request

DTV America Corporation. (“Licensee”) respectfully requests a Silent Special Temporary Authority (STA) while it repairs its broadcast facility for this Low Power Television Station (“LPTV”) station.

The Station’s transmitter has damaged power amplifiers which have been shipped internationally for repair. The Licensee is working diligently with the transmitter vendor to receive replacement power amplifiers. Once received, the new amplifiers will be installed, and the station will be able to resume licensed operations.

Granting this request would not implicate Section 312(g) of the Act, which generally limits silent station authorizations to 12 months.¹ In contrast, the STA requested here would be for a period of up to six months.
