

Great Eastern Radio  
Application for Renewal of License

**Online Public Inspection File**

In connection with preparing to submit its license renewal application, Licensee found that in limited instances some documents in the station's political file were not uploaded in a timely manner as set forth in 47 C.F.R. §§73.3526 and 73.1943 of the FCC's rules.

Licensee takes its obligations very seriously and will adopt further procedures to remind the responsible station employees of the FCC's requirements. By these procedures, Licensee seeks to assure that required documentation will be placed in the online public file in a timely manner.
