Request for Silent Special Temporary Authority

Pursuant to Section 73.1635 of the Commission's rules, Scripps Broadcasting Holdings LLC ("Scripps"), licensee of KKR-P-LD, St. George, Utah (Facility ID 70979), hereby requests Special Temporary Authority ("STA") for KKR-P-LD to remain silent.<sup>1</sup>

KKR-P-LD is currently licensed to operate on Channel 21. As a low power television station, KKR-P-LD was displaced from its channel by the grant of an application for full power station KMYU(TV), St. George, UT, to move to Channel 21 in the same market (Rulemaking File Number 0000129216 and Modification File Number 0000151571). After the KMYU(TV) channel change request was granted, KKR-P-LD was turned off on October 1, 2021 to avoid predicted interference from KMYU(TV).

Scripps is reviewing options for a new channel and/or new location for KKR-P-LD. Once a viable option is identified, Scripps will move quickly to file a modification application in order to return KKR-P-LD to the air.

---

<sup>1</sup> Due to constraints of the FCC's LMS database, Scripps was unable to insert the actual date on which KKR-P-LD went silent into the electronic application. To the extent that this request for Special Temporary Authority is not deemed timely filed under Section 73.1740(a)(4) of the Commission's rules, Scripps hereby requests a waiver of the filing requirements.
