## Reasonable Site Assurance

Spirit Communications Inc has been in contact with the Miami County Communications Director for obtaining permission to use a County owned tower ASR 1279739.

Below is a copy of an email chain to reference as our proof of obtaining “reasonable site assurance”.

Chris,

I drove out and made a visual observation of the tower and there is at least 1 antenna array somewhere around the 150' level.

That said, we will be glad to enter into a negotiation to lease space on the tower, if it can be done without interference with existing equipment.

Jeff

Jeff,

I've attached a one page proposal. Please let me know if this is sufficient.

Would you or an authorized representative of Miami County be able to give us reasonable assurance of the site's availability? If so, we only need a name and contact information.

Thanks,

**Chris Winters**

Are you able to confirm these heights are available?

Thanks,
