Re: Request for Tolling Waiver  
K29KY-D, Blackfoot, ID  
Fac ID No. 187479  
LMS File No. 0000172519

Dear Permittee,

This concerns the above-referenced request for waiver of the Commission's tolling provisions and tolling of the Station's construction permit expiration date (Request). We are unable to process the Request without additional information. Therefore, please provide the following information:

1. A detailed accounting of all steps taken to complete construction since the grant of the construction permit including dates for each action and supporting documentation.
2. A detailed accounting of any and all circumstances outside of your control that prevented construction since the grant of the construction permit including dates of each circumstance and supporting documentation. Please describe how such circumstance(s) directly impacted construction.
3. A detailed accounting of what construction remains and a timeline plan of how and when you expect to complete construction and begin operations.

In addition, in an amendment to an application for extension of digital construction permit filed by the previous permittee,<sup>1</sup> as well as in an assignment application to acquire the construction permit,<sup>2</sup> you certified that you could complete construction of the Station's facilities prior to construction permit's extended expiration date. Absent these representations neither the assignment application nor the application for extension of digital construction permit would have been granted. Please provide a detailed explanation, including relevant documentation, as to the basis for your prior certification and the circumstances that have occurred since you made your previous certification that caused this change in construction schedule.<sup>3</sup>

<sup>1</sup> See LMS File No. 0000137174.

<sup>2</sup> See LMS File No. 0000151975.

<sup>3</sup> Applicants before the Commission are required to provide truthful and accurate statements. See 47 CFR §§ 1.17; 73.1015.

Please file the above-outlined information in the form of an amendment to the Request. Failure to submit this information within 30 days of the date of this letter will result in the dismissal of the Request.<sup>4</sup>

For questions or additional information on this matter, please contact Shaun Maher, Video Division, Media Bureau at 202-418-2324 or [Shaun.Maher@fcc.gov](mailto:Shaun.Maher@fcc.gov).

Sincerely,

/s/
