

Compliance with 73.3555 Multiple Ownership Rules

The proposed Assignee, Elk River Media, LLC in simultaneously filed assignment applications is requesting the FCC to concurrently approve applications for:

- 1- the assignment of Station WEKR(AM), fac id 32199, and the CP for W253CX, fac id 202987, both Fayetteville, TN from Assignor, Elk River Broadcasting, Inc. and
- 2- the assignment of Station WYTM-FM, fac id 67130, Fayetteville, TN from Assignor Time Broadcasters, Inc.

As the Commission's files reflect assignors Elk River Broadcasting, Inc. & Time Broadcasters, Inc. have some common family ownership as principals of each are related family members, and WERK(AM) and WYTM-FM have been operated as an AM-FM combination.

Moreover, besides continuing the past common ownership, the proposed ownership of the stations by Elk River Media, LLC does not constitute acquisition of more than 50% of the stations in the market. Accordingly, the Assignee's proposed acquisition of WERK(AM) and WYTM-FM in Fayetteville complies with the FCC's multiple ownership rules.
