Re: **CHILDREN'S TELEVISION COMMERCIAL LIMITS REPORT**

January 10, 2022

Dear General Manager:

Attached is the CBS Television Network Certification of Compliance with the Children's Television Commercial Limits for the year 2021. Please give the certificate to the individual at your station responsible for the public file.

As you know, the Federal Communications Commission requires every television station to place in its public file, no later than January 30th, documentation certifying that all children's programming broadcast by the station during the year 2021 was in compliance with the Communications Act and Federal Communications Commission regulations.

The attached document, which is suitable for placement in your public file, certifies that all regularly scheduled children's programming distributed by the CBS Television Network during the year 2021 was originally produced and broadcast primarily for an audience of children aged 13 to 16, and therefore was not required to comply with the commercial time limits required for programming originally produced and broadcast primarily for an audience of children 12 years of age and younger. It should be placed in your public file no later than January 30, 2022.

In addition to your responsibilities with respect to network programming, you must place in your public file certification of commercial compliance for any other children's programs subject to the commercial limits (i.e., programs designed and broadcast primarily for an audience of children aged 12 and under) broadcast by your station within the quarter. You may wish to speak with your broadcast counsel about such reports.

Information pertaining to network programming to assist in your preparation of the new annual Children's Television Programming Report, which will be due this year by January 30th, is being sent under a separate e-mail.

Pursuant to the Commission's revised rules released in July 2019, the next certification will be an annual certification, due by January 30, 2022, covering the period January 1, 2021 through December 31, 2021.

If you have any questions, please contact your CBS Affiliate Relations representative.

Best regards,

Diane Kuri

CERTIFICATION OF COMPLIANCE  
WITH CHILDREN'S TELEVISION COMMERCIAL LIMITS  
January 1 through December 31, 2021

During the period listed above, the CBS Television Network ("CBS"), a unit of ViacomCBS Inc., disseminated to its owned and affiliated stations the following weekly programs originally produced and broadcast primarily for an audience of children 13 to 16 years old:

LUCKY DOG  
THE HENRY FORD'S INNOVATION NATION  
MISSION UNSTOPPABLE  
HOPE IN THE WILD  
PET VET DREAM TEAM  
ALL IN WITH LAILA ALI

All of these programs were disseminated for weekend broadcast by CBS affiliates and owned stations.

I hereby certify that the children's programming disseminated by CBS during the period January 1, 2021 through December 31, 2021 was not required to conform to the commercial time limits prescribed in the Communications Act, as amended, 47 U.S.C. §303a, and 47 C.F.R. §73.670(a)-(d) because the programming was all originally produced and broadcast primarily for an audience of children older than 12. See 47 C.F.R. §73.670, Note 2.

**Re: FCC Children's Television Programming Report – FCC Form 2100, Schedule H - Licensing and Management System (LMS) – Annual Report 2021**

January 10, 2022

Dear General Manager:

Under the FCC's children's television rules relating to informational and educational programming, as revised in July 2019, every commercial television station is required to file an annual Children's Television Programming Report Form 2100, Schedule H. The annual report must be filed by January 30, 2022.

As with the prior reports, the Revised Children's Television Programming Report must be filed in the Commission's Licensing and Management System (LMS) (see attached Public Notice dated February 9, 2016, which includes links, guidelines and contacts for the FCC's LMS database: [Click to Download KidVid Form 398 Filing Revisions\\_20191001105345.pdf](#)) In addition, the FCC has posted a webinar on the Revised Children's Television Programming Report at the following link: [https://www.fcc.gov/sites/default/files/kidvid\\_webinar.mp4](https://www.fcc.gov/sites/default/files/kidvid_webinar.mp4)

Attached is the specific CBS Network information regarding core programming which you will need to fill in on your Revised Children's Television Programming Report ("Network Information" Sheets).

You should consult your broadcast counsel regarding the FCC's changes to its children's television rules, legal questions and your obligations under the rules as necessary.

If you have any questions regarding Network programming, contact your CBS Affiliate Relations representative.

Best regards,

Diane Kuri  
Vice President, Communications & Operations

## ALL CHILDREN'S TELEVISION PROGRAMMING REPORTS MUST BE FILED USING THE COMMISSION'S LICENSING AND MANAGEMENT SYSTEM

As part of the Commission's ongoing effort to update the Commission's application filing systems, all Children's Television Programming Reports (FCC Form 398), beginning with first quarter 2016, must be filed in the Commission's Licensing and Management System (LMS). Starting March 31, 2016, Stations will no longer be able to use the Children's Television ("KidVid") Online Filing System to file or amend Children's Television Programming Reports and the link to filing reports will be disabled in the KidVid Filing System.<sup>1</sup>

LMS can be accessed by using the following link: <https://enterpriseefiling.fcc.gov/dataentry/login.html>. To file Children's Programming Reports follow these instructions:

1. Login using station's FRN and password;
2. Click on the facility tab on top of the page;
3. Click on facility ID of the desired station;
4. Click on "file an application";
5. Select Children's Programming Report from the drop down menu.

As a reminder, Section 73.3526(e)(11)(iii) of the Commission's rules (the "Rules") requires each Class A and commercial full power television to prepare on a quarterly basis a Children's Television Programming Report reflecting, *inter alia*, the efforts that it has made during the preceding quarter to serve the educational and informational needs of children.<sup>2</sup> Each licensee must file a copy of each report with the Commission and place a copy of each report into the Station's on-line local public inspection file no later than the tenth day of the succeeding calendar quarter (i.e., April 10, July 10, October 10, and January 10). Copies of each report must be retained in the Station's online public file until action is taken on its next license renewal application.<sup>3</sup> The licensee must also publicize the existence and location of its reports. Pursuant to Section 73.3526(b)(4) of our rules, the Commission will automatically link a copy of the Station's quarterly Children's Television Programming Report to its online public file. In the event that the report is not linked to the Station's online public file by tenth day of the succeeding calendar

<sup>1</sup> In October 2015 the ability to search previously filed Children's Programming Reports was migrated to LMS. <https://enterpriseefiling.fcc.gov/dataentry/public/tv/childrenProgramSearch.html>. Furthermore, licensees have been able to file Children's Television Programming Reports in LMS since June 2015.

<sup>2</sup> 47 C.F.R. § 73.3526(e)(11)(iii).

<sup>3</sup> *Id.*

quarter the licensee is responsible for manually uploading a copy of the report to the Station's online public file.<sup>4</sup> Failure to timely prepare, place or file a Children's Television Programming Report may result in sanction against the Licensee, including admonishment or forfeiture.

For technical problems or trouble accessing LMS broadcasters can contact (877) 480-3201 TTY: (717) 338-2824. For all other questions contact Hossein Hashemzadeh at (202) 418-1658 or at [Hossein.Hashemzadeh@fcc.gov](mailto:Hossein.Hashemzadeh@fcc.gov). For legal inquiries concerning the broadcasters' children's programming filing requirement, contact Evan Morris at (202) 418-1656 or at [Evan.Morris@fcc.gov](mailto:Evan.Morris@fcc.gov). For press inquiries, contact Janice Wise at (202) 418-8165.
