

Online Public Inspection File: WJGK(FM), Newburgh, New York

Note the following regarding the “No” response to this certification: “Licensee certifies that the documentation required by 47 C.F.R. Section 73.3526 or 73.3527, as applicable, has been uploaded to the station's public inspection file as and when required.”

Annual EEO Public File Reports for the license term were uploaded to the station’s online public inspection file in a timely fashion, except for the 2020 Annual Report, where the 2019 Annual Report had been mislabeled and mistakenly uploaded again in 2020. When the labeling mistake was discovered, the accurate 2020 Annual EEO Public File Report was uploaded, so that all the Annual EEO Public File Reports for the license term are available on the station’s online public inspection file. (Note, as the station employment unit is now below five full-time employees, no Annual EEO Public File Report is required for 2021-2022.)

All of the quarterly issues-programs lists for the 8-year license term have been uploaded to the station’s online public inspection file. The majority of the quarterly issues-programs lists were uploaded in a timely fashion; however certain lists were uploaded late (three late uploads for 2018; two late uploads for 2019; one late upload for 2021).
