

### **Online Public File Exhibit**

Media One Group II, LLC has been the licensee of the station and responsible for its online public inspection file since October 31, 2018 (CDBS File No. BALH - 20180814ABA, granted October 4, 2018, consummated October 31, 2018). In the course of preparing the instant renewal application, licensee reviewed its online public file and noticed some minor discrepancies. An EEO report was not timely uploaded and a quarterly issues/programs list was uploaded late. Licensee will work to ensure that all documents are timely uploaded going forward.
