

Silent Station Exhibit

Station WHAZ-FM was silent during the following periods in the last renewal cycle—

- 1) 6/13/2014 to 6/4/ 2015. The station lost its transmitter site and filed an application for a new site. Once the application was approved and construction completed, the station resumed service.
- 2) 6/12/2017 to 11/13/2017. The station's transmitter failed and needed to be repaired. Once the repair was completed, the station resumed service.
- 3) 11/19/2018 to 5/20/2019. The station's transmitter failed again. Due to the winter weather, access to the transmitter site was unavailable for inspection causing repairs to be delayed.
