

REASON FOR AMENDMENT

The instant renewal is being amended to reflect that, effective January 4, 2022, WCPX-LD resumed operations and is presently broadcasting and on the air. Therefore, the Silent Stations certification under Operational Status has been changed from “no” to “yes.” Additionally, a new Rebroadcast Status Exhibit has been uploaded to explain that WCPX-LD does not rebroadcast any signals – it broadcasts original programming. See attached “Rebroadcast Exhibit – Original Programming.”
