Compliance with Special Operating Condition for Spurious Emissions

BPFT-20190108AAY, K232EI SOC #1

This facility, K232EI, is not combined with any other facility. In addition, the Kathrein CL-FM antenna is mounted over 10 feet from any other antenna. It does not utilize a combiner or shared antenna system. This site consists of three Rohn 55 towers approximately 15-20 feet apart around a shared communications shelter. Other antennas are mounted on other towers or more than 10 feet away from the K232EI antenna.
