

## **Exhibit**

### **Online Public Inspection File Certification**

CMG NY/Texas Radio, LLC (“CMG”), licensee of the station that is the subject of the instant application (the “Station”), hereby certifies that except as described herein, the Station has timely placed in its online public inspection file all documents required to be placed in the file by 47 C.F.R. § 73.3526 and otherwise has complied with the Commission’s public inspection file requirements in all material respects.

CMG requires its stations to comply with all FCC rules, including the rules for the political public file. Nevertheless, while the Station has complied with the political public file requirements, two documents may have been uploaded to the political public file one day late, so they were slightly outside of CMG’s requirement that all documents be uploaded within one business day. CMG will continue to work with its stations to ensure that all political public file materials are uploaded in a timely manner.
