

**Reason for Amendment**

On January 7, 2022—well before the January 31, 2022, filing deadline—the station inadvertently filed in-progress, draft versions of its 2021 Children's Television Programming Reports for KTBS-TV and KPXJ(DT). Among other things, those early drafts did not yet have all programming hours entered and had multiple “placeholder” data entries. This amended report is being filed prior to the January 31, 2022, filing deadline as the correct, “final” version of the report, and contains updated hourly totals, preemption information, and total times aired for certain programs.
