Certification Regarding Compliance with Core Programming Processing Guidelines

The station aired an average of three hours per week of Core Programming in compliance with the Commission's Core Programming Processing Guidelines for the period of time covered by this application, except that two programs were preempted by the network in the Fourth Quarter of 2021and not rescheduled, causing the weekly average to dip slightly to 2.90 hours for that quarter (or 2.95 hours per week as averaged over six months). As part of the station's other efforts to serve the educational and informational ("E/I") needs of children in is community, the station airs an additional hour of E/I programming on Saturdays from 4:00 a.m. – 5:00 a.m. and station personnel participated in educational events at local schools.
