Re: Requests for Tolling Waiver

Dear Permittee,

This concerns the requests for waiver of the Commission's tolling provisions and tolling of the Stations' construction permit expiration dates (Requests) listed in the attached Appendix. We are unable to process the Requests without additional information. Therefore, please provide the following information:

1. A detailed accounting of all steps taken to complete construction since the grant of each Stations' extension of construction permit including dates for each action and supporting documentation.
2. A detailed accounting of any and all circumstances outside of your control that prevented construction since the grant of the extension of construction permits including dates of each circumstance and supporting documentation. Please describe how such circumstance(s) directly impacted construction.
3. A detailed accounting of what construction remains and a timeline/plan of how and when you expect to complete construction and begin operations.

Please file the above-outlined information in the form of an amendment to the Requests. Failure to submit this information within 30 days of the date of this letter will result in the dismissal of the Request.<sup>1</sup> As an alternative to amending the Requests with the requested information, the Permittee may request withdrawal of the Request and submit its construction permit for cancellation.

For questions or additional information on this matter, please contact Shaun Maher, Video Division, Media Bureau at 202-418-2324 or [Shaun.Maher@fcc.gov](mailto:Shaun.Maher@fcc.gov).

Sincerely,

/s/
