Re: Construction Permit Expirations

Dear Former Permittee:

This is with respect to the expired construction permits listed in the Appendix. Commission records indicate that you failed to file an application for license to cover by the construction permit expiration date.<sup>1</sup> Section 74.788(b) of the Commission's rules states that:

Any construction permit for which construction has not been completed and for which an application for license or extension of time has not been filed, shall be automatically forfeited upon expiration without any further affirmative cancellation by the Commission.<sup>2</sup>

As such, the construction permits were automatically forfeited. We also note that the construction permit for W44DA-D was for an out-of-core channel (above channel 37) and as such could not be licensed on its assigned channel. Channel 51 of San Diego was permitted to file for displacement, but failed to do so by the construction permit expiration date.<sup>3</sup>

Accordingly, pursuant to sections 74.788(b) of the Commission's rules, the construction permits for the facilities listed in the Appendix were **AUTOMATICALLY FORFEITED** and the facilities' call signs have been **DELETED**.<sup>4</sup> All authority to construct the stations have been **TERMINATED**. All pending applications will also be **DISMISSED**.

Sincerely,

/s/

Barbara A. Kreisman  
Chief, Video Division  
Media Bureau

<sup>4</sup> This letter is being sent as a courtesy. Cancellation of the station's construction permit and deletion of its call sign by Media Bureau staff in the Licensing and Management System (LMS) is an administrative function and does not constitute an official Commission action nor require any affirmative cancellation by the Commission.
