

Reason for Amendment

The Station's 2020 Children's Television Programming Report was timely filed by the applicable deadline. The instant amendment is being filed to correct certain errors in the reporting and calculation of Digital Core Programming and Digital Core Programs aired during the year. Two additional programs on the Station's main (ABC-affiliated) program stream were inadvertently omitted in the original Report, and these programs have been added herein as Digital Core Programs 7 and 8.
