

### **Reason for Amendment of W206AF License to Cover CP Application**

The W206AF License to Cover CP application is amended to clearly demonstrate compliance with “Special Conditions” of the CP, in particular to include measurements to establish that the operation authorized in this construction permit is in compliance with the spurious emissions requirements of 47 C.F.R. Sections 73.317(b) through 73.317(d).
