

## WSTW Public File Review

A complete review of the WSTW-FM political files from 2020 thru 2022 has been conducted. WSTW-FM, which broadcasts from the Forever Media Broadcast Site located in Wilmington, Delaware operated under extraordinary circumstances as a result of pandemic. Under guidance from the Center for Disease Control and from the State of Delaware emergency mandates, the Wilmington staff operated from their homes remotely from March 17, 2020 thru the first week of July, 2021. The personnel group in Wilmington realized a 50% staff reduction as a result of the pandemic which eliminated the positions of the staff members who originally maintained the political file. The reassignment of duties resulted in the delay of the reconciliation of political schedules from normal operating procedure. All future reconciliation statements are being uploaded in a timelier manner now that the staff has resumed working in office.

All political files from 2020 and 2021 have been reconciled with final invoices detailing the actual times that commercials aired versus order, and also with financial reconciliations demonstrating payment and/or refunds. These reconciliation uploads are dated January 25, 2022 in the file. All political files for 2022 are being reconciled at the end of every month.

All requests and dispositions during this period were satisfactorily uploaded to the political file.

The above has been compiled under my direction and is to the best of my knowledge and belief.
