CERTIFICATION OF RETRANSMISSION CONSENT AGREEMENT

This document will certify that the licensee of K35MV does have in place an agreement for retransmission of KETA. Nearly all of the time K35MV originates and provides its own programming but there are situations (i.e. emergency, public safety, etc.) where K35MV will retransmit the programming of KETA.

A retransmission consent agreement has been in place for many years.

Respectfully submitted,

A handwritten signature in black ink that reads "Greg Best, PE". The signature is written in a cursive, flowing style.

Consulting Engineer
