

## **Exhibit**

### **Online Public Inspection File Certification**

Scripps Broadcasting Holdings, LLC (“Scripps”), licensee of the station that is the subject of the instant application (the “Station”), hereby certifies that except as described herein, the Station has timely placed in its online public inspection file all documents required to be placed in the file by 47 C.F.R. § 73.3526 and otherwise has complied with the Commission’s public inspection file requirements in all material respects.

On May 1, 2019, the license for the Station was transferred to the station’s current owner pursuant to a long form transfer of control application (BTCDDTA-20181109AAX). Scripps notes that because of the long-form ownership change, the current owners are not liable for the violations of the prior licensee. However, out of an abundance of caution, Scripps discloses that the previous licensee failed to timely upload the Station’s third quarter 2018 issues/programs list, the first quarter 2019 issues/programs list and the 2015, 2016, 2017, 2018 and 2019 annual EEO Public File Reports. Scripps also notes that the second quarter 2019 issues/programs list and the 2020 and 2021 EEO Public File Reports were also uploaded late. Scripps takes its FCC obligations seriously and endeavors to ensure that all Scripps stations upload all materials to the public file on time. Scripps has and will emphasize to station staff that the market’s Class A stations must timely post all EEO materials to the public file. Scripps also notes that the Station is part of a multi-station employment unit for FCC EEO purposes and that the one full power station in the unit, KRIS-TV, has uploaded all of its EEO Public File Reports on time since 2017. Accordingly, the EEO Public File Reports were available to the public on a timely basis.

Scripps requires its stations to comply with all FCC rules, including the rules for the political public file. Scripps employees are trained on FCC political public file compliance and Scripps has instituted a program under which station political public files are reviewed for completeness and timeliness. Nevertheless, while the Station has substantially complied with the political public file requirements, a few documents may have been uploaded to the political public file outside of Scripps’s requirement that all documents be uploaded within one business day. Any such instances were *de minimis*. Scripps will continue to work with its stations to ensure that all political public file materials are uploaded in a timely manner.
