During the period, the Unit hired 1 full-time person, a news director, for KRMS and KMYK. The stations' news department has only one, full-time news employee and that person is given the title of news director although the position does not include supervisory duties of other full-time employees. The Unit recruited for this position but the normal recruiting usually done by the unit was not possible because of Covid. The previous news director had a stroke and remains incapacitated. This medical emergency happened at the start of the Covid problem. Because the Covid crisis was growing quickly, the unit believed that it was essential to fill this position immediately in order to keep the community informed about the crisis. The unit was very hesitant to interview multiple candidates because of the possibility of infection and recruited through "All Access.com". That source produced a qualified candidate who was hired. When the Covid crisis subsides, the unit will resume its normal, thorough recruiting for each new full-time position.

OUTREACH ACTIVITIES

October 1, 2019 through October 1, 2020

The unit has selected the following outreach initiatives:

1. Host at least two job fairs during a two-year period

The unit hosted one job fair during the previous period, in September, 2019. The unit did not hold a job fair, this year, because station staff believed that it was unsafe to do so. Job fairs will resume after the Covid crisis has passed.

2. Provide training to management level personnel as to methods of ensuring equal employment opportunity and preventing discrimination.

During this past year, the management of Viper Communications, Inc. continued its training of management personnel by studying the book, EEO Law and Personnel Practices by Arthur Gutman. Kenneth Kuenzie, Carolyn Warnebold and Dennis Klautzer studied “Discrimination Based on Race and color: Protected Classes”.”

3. Participate in other activities than the ones listed that the licensee has designed to further the goal of disseminating information about employment opportunities.

Viper has designed its own Outreach Initiative designed to be more appropriate to its central Missouri location. Specifically, Viper has designed an “Open House” program whereby it invites members of the community to visit the stations on Open House Day to see the facilities, talk with management, owners and talent and to discuss careers with the staff. The Open House for KRMS/KMYK was held, this year, on June 3, 2020. The Governor of Missouri opened the State in late May making the Open House for 2020 possible. Two people attended and station management and staff were present. The event was supported by advertising on the stations, and a mailing to community groups.

In addition to these outreach initiatives, the unit also aired Public Notice Press Releases and mailed notices to each of the community groups on its list. These notices were published twice during the year to notify the public that the stations seek involvement from community groups regarding its recruitment efforts. One community group responded and that group regularly receives information from the unit regarding full-time job openings.
