

**Exhibit**  
**Explanation re Children's Programming**

The station that is the subject of this license renewal application, KUBE-TV, was acquired by RNN National, LLC ("RNN"), pursuant to a long-form assignment of license on January 31, 2020. *See* FCC File No. BALCDT-20191206ADC. RNN is not aware of any violations of the Commission's children's programming rules during RNN's ownership of the station. Accordingly, the certifications on this license renewal application regarding compliance with the children's television programming rules cover only the time period during which RNN has been the licensee of the station.

RNN notes that because it acquired KUBE-TV via a long-form assignment application, RNN is not liable for violations of the prior licensee. However, out of an abundance of caution, RNN discloses that violations of the children's programming rules may have occurred prior to its acquisition of KUBE-TV such as omission of E/I bug for three programs on its D2 channel over four weeks for the first quarter of 2017.
