

PURPOSE OF AMENDMENT

The purpose of this amendment is to clarify the applicant's claim to two comparative points for diversity of ownership. The principal community contour of the proposed station will not overlap with the principal community of any station in which the applicant has an attributable interest. Radio stations in which the applicant has an attributable interest have been identified in this application. The accompanying exhibit demonstrates that there is no overlap of principal community contours. This amendment is submitted for the purpose of clarification and does not represent a comparative upgrade.
