Dear Licensees,

On March 16, 2022, LR Telecasting, LLC, licensee of KMYA-DT, Camden, Arkansas, and RSS Media Marketing, LLC, licensee of WHIG-CD, Rocky Mount, North Carolina (Licensees and Stations, collectively) filed the above captioned requests (Request) for extensions of the Commission's invoice filing deadlines for the TV Broadcaster Relocation Fund (the Reimbursement Fund or Fund) from the second invoice filing assignment deadline of March 22, 2022, to the third and final invoice filing assignment deadline of September 6, 2022.¹ For the reasons below, we grant Licensees' Requests and extend the dates of the Stations' invoice filing assignment deadline to September 6, 2022.

Background. Pursuant to the Commission's direction, the Incentive Auction Task Force and Media Bureau set deadlines for final invoice submission to the Reimbursement Fund using a phased assignment approach.² All repacked stations assigned to Phases 6 through 10 of the Transition

¹ The third and final invoice filing deadline was set for September 5, 2022. However, because Labor Day, a federal holiday, falls on Monday, September 5, 2022, the third and last invoice filing deadline is Tuesday, September 6, 2022. *See TV Broadcaster Relocation Fund Invoice Filing Deadline Approaches In Sixty Days*, Public Notice, DA 22-72, para. 4 (MB/IATF Jan. 21, 2022).

² *See Expanding the Economic and Innovation Opportunities of Spectrum Through Incentive Auctions*, Report and Order, 29 FCC Rcd 6567, 6815-16, 6819, paras. 607, 616-17 (2014) (*Incentive Auction R&O*), subsequent history omitted; *Invoice Filing Deadlines for TV Broadcaster Relocation Fund*, Public Notice, 35 FCC Rcd 11273, 11277, paras. 10-11 (MB/IATF 2020) (*Invoice Filing Deadline PN*) (setting three filing deadlines for submission of all

Scheduling Plan are required to submit all remaining invoices and supporting documentation using the Reimbursement Form, and initiate interim close-out procedures, no later than March 22, 2022. We stated that we did not anticipate a need to grant extensions because the deadline is more than a year after the July 13, 2020, statutory end of the transition period and more than a year after the announcement of the invoice filing assignment deadline. However, in the unlikely event that an entity faces circumstances beyond its control, we may consider a limited extension by means of shifting an entity with the second (March 22, 2022) invoice filing assignment deadline to the third and final (September 6, 2022) invoice filing assignment deadline.³ An entity requesting such a shift must provide evidence that circumstances requiring the extension were outside of its control, such as local zoning or a force majeure event occurring proximate to the final submission deadline.⁴ We will not consider the availability of reimbursement or the status of specific reimbursement requests to be a mitigating factor in evaluating extension requests and we will not grant extensions that do not provide the staff with sufficient processing time to complete close-out procedures for all stations.⁵

Licensees request extension of the invoice filing assignment deadlines from the second (March 22, 2022) to the third and final (September 6, 2022) invoice filing assignment deadline for the Stations. The Stations have transitioned to their post-auction channels and currently are operating on those post-auction channels.⁶ However, due to the unexpected February 2022 death of Harold Stanton, the field engineer managing each Station's repack project, the Stations state that they have not yet received final invoices for Mr. Stanton's work. The Stations are working with Mr. Stanton's widow to reconstruct the billing records and hope to be able to submit their remaining invoices in May. Accordingly, Licensees will not meet the March 22, 2022 invoice filing deadline due to circumstances beyond their control and request extension of that filing deadline.

Discussion. Upon review of the facts and circumstances presented, we find that sufficient circumstances exist to extend the Stations' invoice filing assignment deadlines from the second (March 22, 2022) to third and final (September 6, 2022) invoice filing assignment deadline. Licensees have demonstrated that circumstances beyond their control require the extensions. We also find that grant of Licensees' Requests are not likely to negatively impact Commission staff's ability to process the Stations' invoices or its ability to complete close-out procedures for all stations. We therefore conclude that the public interest will be served by grant of the extension. We strongly encourage the Stations to diligently pursue submission of all remaining invoices and initiate close-out procedures as early as possible without waiting for the third and final (September 6, 2022) invoice filing assignment deadline. We remind Licensees that, pursuant to the Spectrum Act, the Station is eligible for reimbursement for costs "reasonably incurred . . . in order for the licensee to relocate its television service from one channel to the other."⁷ Additional expenses incurred, such as expenses resulting from changes in a station's transition

remaining repack invoices: for eligible entities assigned repack transition completion dates in the first half of the 39-month post-auction transition period, the deadline for submitting all remaining invoices is October 8, 2021; the deadline for entities assigned completion dates in the second half of the transition period is March 22, 2022; and the deadline for all other participants in the reimbursement program is September 6, 2022).

plan that are not related to the post-incentive auction channel change, may not be reimbursable from the Fund.

We caution the Stations that we do not anticipate allowing further extensions of the final September 6, 2022 invoice filing deadline. The Stations' failure to make final submissions by the assigned invoice filing assignment deadlines could preclude the Stations from receiving full reimbursement. Unobligated amounts in the Fund must be rescinded to Treasury and the Commission staff (with the support of the Fund Administrator) must have sufficient time to fully process all reimbursement requests and complete close-out procedures prior to July 3, 2023.⁸ The Fund Administrator will initiate close out procedures for any entity that has failed to initiate interim close-out procedures by the September 6, 2022 invoice filing deadline. Any unused allocations made to that entity's account will be returned to the Fund and made available for allocation to other program participants or rescinded to Treasury.

In consideration of the above facts, the requests for extensions of the invoice filing assignment deadlines filed by LR Telecasting, LLC and RSS Media Marketing, LLC **ARE GRANTED**. The invoice filing assignment deadlines for KMYA-DT, Camden, Arkansas; and WHIG-CD, Rocky Mount, North Carolina, **ARE MODIFIED TO September 6, 2022**.

Sincerely,

/s/
