

**WNJR-FM  
RENEWAL OF LICENSE  
EXPLANATION REGARDING ONLINE PUBLIC INSPECTION FILE**

WNJR-FM is unable to certify that the documentation required by 47 C.F.R. Section 73.3526 or 73.3527, as applicable, has been uploaded to the station's online public inspection file as and when required. There are two primary reasons:

- WNJR-FM failed to digitize and upload all available Quarterly Issues and Programs Lists pertaining to the current license period prior to the March 1, 2018 deadline to transition these materials to the online public file system.
- WNJR-FM also failed to upload subsequent Quarterly Issues and Programs Lists as and when required, up until the Third Quarter 2019.

Additionally, accurate program records are unavailable for six quarters, and the corresponding Quarterly Issues and Programs Lists have been partially reconstructed to the best of our ability:

- |           |           |
|-----------|-----------|
| ▪ 2017 Q2 | ▪ 2018 Q1 |
| ▪ 2017 Q3 | ▪ 2018 Q2 |
| ▪ 2017 Q4 | ▪ 2018 Q3 |

During this period, WNJR-FM was managed by a rotating staff of part-time volunteers at Washington & Jefferson College. These volunteers are no longer associated with the station.

However, the College understands that staffing issues do not excuse WNJR-FM from its obligation to file complete Quarterly Issues and Programs Lists as and when required.

In the Third Quarter 2019, the College appointed a full-time faculty General Manager, and has since taken steps in good faith to bring WNJR-FM's online public file into full compliance:

- First, all Quarterly Issues and Programs Lists prior to the Third Quarter 2019 have since been uploaded to the online public file system, with explanatory notes, where necessary.
- Second, all Quarterly Issues and Programs Lists from the Third Quarter 2019 onwards have been uploaded as and when required, with the necessary program records, according to the deadlines set forth by the FCC.

Likewise, WNJR-FM will upload the Issues and Programs List for the First Quarter 2022 as and when required, following the filing of this renewal of license application.

Thank you very much for your consideration of these circumstances.
