

WRRN License Renewal Application

The station was acquired by the licensee by voluntary assignment pursuant to a long form application on June 13, 2019. This application covers only the period during which the licensee has held the station license.

Certain of the station's issues/programs lists were uploaded to the online public inspection file ("OPIF") after the dates by which such upload was required. All such reports now have been uploaded to the OPIF.

Certain documentation with respect to five buys of political advertising time was not immediately uploaded to the political file as required by Section 73.1943 of the Commission's Rules.
