

## Outreach Efforts

The stations in this employment unit engage in a variety of activities designed to achieve broad and inclusive outreach. Examples of the efforts made include hosting an internship program as well as participating in local job fairs and career days and speaking to students and faculty at various schools and colleges. Additional information concerning the outreach efforts undertaken by the stations in the employment unit are reflected in the EEO Public File Reports attached to this EEO Program Report. During the period covered by the EEO Public File Reports the employment unit has not experienced any notable difficulties in its outreach efforts.
