

### License Renewal Certifications

This station was the subject of a long-form assignment of license, which was consummated on February 12, 2019. See BAL-20181114AAL. Therefore, the certifications in this application cover the period from February 12, 2019 and after in accordance with the instructions to Form 2100—Schedule 303-S.

In preparing its license renewal filing, the Station conducted an audit of its online public file. Due to administrative oversight, the following Issue and Programs Reports were uploaded merely one day late:

- Issues and Programs Report for 2Q 2019 was uploaded on July 11, 2019; and
- Issues and Programs Report for 4Q 2020 was uploaded on January 11, 2021.

Licensee has rectified such administrative errors through a personnel change and implementing a reminder system to ensure timely upload of public inspection file documents in the future.
