

### **Children's Television Programming Reports**

The Licensee made a few reporting errors in KVIA-TV's Children's Television Programming Reports filed for the period Fourth Quarter 2015 through Third Quarter 2019. A corrective amendment to these Reports was uploaded to the station's online public inspection file as of late March 2022. The Children's Television Programming Reports and related children's certifications are made with respect to the Reports as amended.
