

2022 EEO Public File Report

Since four of the eight stations in the Cumulus-Youngstown station employment unit ("SEU") are located in the State of Ohio, the preparation of its annual EEO public file report is based on the Ohio renewal deadline. As a result, this SEU will be completing its annual 2022 EEO Public File Report on or before June 1, 2022 and will submit a new FCC Form 396, which will include its four Pennsylvania stations and the SEU's 2022 EEO Public File Report.
