

Exhibit on Children's Television Programming Reports

Licensee has filed the required Children's Television Programming Reports for the Station, but notes that it did not timely file some of those Reports, and that as a result the 2020 Report, and the Annual Report for 2019 (September 16 through December 31, 2019, styled as 4Q/2019) could not be filed through LMS, and thus were uploaded directly into the Online Public Information File.
