STATEMENT AS TO PUBLIC INSPECTION FILE RULE COMPLIANCE

The applicant wishes to advise the Commission that it has determined it has not been as diligent as required in the process of uploading and maintaining a portion of its online public inspection file during the renewal period.

In connection therewith, the applicant has determined that a single error occurred in the timely uploading of political advertising agreements.

The applicant has determined that a single non-candidate issues advertising order, involving federal candidates, entered into during the 2021 election cycle, was uploaded six days late.

The licensee has been working with its responsible employees in order to ensure timely uploading of its public inspection files. In that regard, it can report that during the 2022 election cycle, that all political advertising was timely uploaded.

The Commission has recognized that, in this round of license renewals, the Commission's interest is in having online public inspection files be accurate as of the license renewal date. To that end, the Commission has announced that it is only where public inspection file compliance is not effectuated by the "deadline for filing a station's renewal application" will that failure result in any impact or adverse action involving the renewal application. *Public Notice*, 34 FCC Rcd 1344 (MB 2019). The applicant submits that this is an appropriate policy that should be applicable to the applicant in this instance, where the public inspection file errors are few in number as in this instance.
