

**FCC FORM 2100, SCHEDULE 303-S  
KTRK-TV TELEVISION, INC. (KTRK-TV)  
SECTION III**

**Online Public Inspection File.**

Review of the two years of materials in the political file demonstrates that the vast majority of orders were uploaded in a substantially timely way. Of more than 880 political orders the station received in that period, the station is aware of only nine cases in which orders were placed in the file after the passage of more than three days and none in which orders were placed in the file after more than eight days. Relevant personnel have been reminded as to the importance of close adherence to Commission rules and policies regarding timely filing of materials in the political file, and internal measures have been adopted to ensure that such materials are posted as quickly as possible.
