In re: KYLU-LP, Lubbock, TX
Facility ID No. 130367
Notice of License Cancellation

Dear Licensee:

This letter is to inform you that the license of Station KYLU-LP, Lubbock, Texas (Station), licensed to Richard Martinez, has expired pursuant to section 312(g) of the Communications Act of 1934, as amended (Act).¹ On January 19, 2022, we sent you a letter stating that, based upon Commission records, it appears that the Station had been silent for over 12 months in violation of section 312(g) of the Act. That letter required a response within 30 days (February 18, 2022).² To date, we have received no response.

Given the lack of response to our letter, we have concluded that the Station has been silent for 12 consecutive months and its license has expired pursuant to section 312(g) of the Act.³ Therefore, the Commission's public and internal databases **HAVE BEEN MODIFIED** to indicate that the broadcast license for the referenced station is **EXPIRED**, that the Station's license is **CANCELLED** as a matter of law, and that the Station's call sign is **DELETED**.⁴

¹ 47 U.S.C. § 312(g). Section 312(g) of the Act provides in pertinent part if a broadcast station fails to transmit broadcast signals with its authorized facilities for any consecutive 12-month period, then the station license granted for the operation of that broadcast station expires at the end of that period, notwithstanding any provision, term, or condition of the license to the contrary, except that the Commission may extend or reinstate such station license to promote equity and fairness.

² See Letter to Richard Martinez from Barbara A. Kreisman, Chief, Video Division (Jan. 19, 2022) available on the Station's LMS facility page. The letter was sent to the licensee and its counsel of record via certified mail and electronic mail and delivery to the counsel was confirmed on January 19, 2022. See USPS Tracking No. 7004116000026239647.

³ 47 U.S.C. § 312(g).

⁴ We remind Martinez that he must continue to adhere to the requirements in the former station's authorizations pertaining to lighting of antenna structures. See 47 U.S.C. § 303(q); 47 CFR §§17.1 *et seq.*, 73.1213 and 73.1740(a)(4). See also *Streamlining the Commission's Antenna Structure Clearance Procedure*, Report and Order, 11 FCC Rcd 4272, 4293 (1995) (tower owner bears primary responsibility for maintaining tower painting and/or lighting).

If you have any questions concerning the content of this letter, please contact Shaun Maher, by phone at (202) 418-2324 or via e-mail at Shaun.Maher@FCC.gov.

Sincerely,

/s/

Barbara A. Kreisman
