Amendment

Filing Amendment to previously filed FCC application to Presidio, Texas.

Filing amendment to reflect updated technical information. The following items have been updated:

Tower Structure Type

Support Structure Height

Lat and Long figures

Height of Radiation Center Above Ground Level

Lat and Long figures

In addition, also updated the FM Model exhibit and the Towair Exhibit.

There were no other applicants therefore there were no settlements or consideration of promises made. Nor did we received anything from anyone for making this amendment.
