

Amendment

Filing Amendment to previously filed FCC application to Presidio, Texas.

Filing amendment to reflect updated technical information. The following items have been updated:

Tower Structure Type

Support Structure Height

Lat and Long figures

Height of Radiation Center Above Ground Level

Lat and Long figures

Using a directional antenna that was not part of original filed application.

Using a new tower site.

In addition, also updated the FM Model exhibit and the Towair Exhibit.

There were no other applicants therefore there were no settlements or consideration made for promises. Nor was any anything or compensation received from anyone for making this amendment.
