**JOINT REQUEST FOR APPROVAL OF SETTLEMENT AGREEMENT
AND DISMISSAL OF APPLICATIONS**

One Day Church Project, Inc. (“ODC”), Minn-Iowa Christian Broadcasting (“MICB”), Park Public Radio, Inc. (“Park”), and Christian Ministries of the Valley, Inc. (“CMV”), pursuant to Section 73.3525 of the FCC’s Rules, hereby jointly request that the Commission approve the settlement agreement submitted

herewith which is intended to resolve the conflicts among the above-identified applications.

The Commission found these applications to be mutually exclusive among themselves and with others and assigned them to MX Group 124./1 Park's Owatonna application is mutually exclusive with Southern Minnesota Catholic Radio's application in Waseca, ODC's application in Mankato, Minnesota State University's application in Mankato, CMV's application in Mankato, and Fairmont Area Catholic Radio's application in Mankato. Park's Blooming Prairie application is mutually exclusive with Southern Minnesota Catholic Radio's application in Mankato, ODC's application in Claremont, and MICB's application in Hayfield. CMV's and ODC's applications in Mankato are mutually exclusive with each other and with Park's application in Owatonna, Southern Minnesota Catholic Radio's application in Waseca, Minnesota State University's application in Mankato, Fairmont Area Catholic Radio's application in Mankato, MICB's application in Mapleton, and Southern Minnesota Catholic Radio's application in Mankato. ODC's application in Claremont is mutually exclusive with Southern Minnesota Catholic Radio's application in Mankato, MICB's application in Hayfield, and Park's application in Blooming Prairie.

¹ See, *Media Bureau Identifies Groups of Mutually Exclusive Applications Submitted in the November 2021, Filing Window for Noncommercial Educational FM Stations*, DA 21-1476 (MB, Nov. 29, 2021).

Subject to the Commission's approval, the parties have agreed to a new configuration that would allow Park's two applications and ODC's Claremont application, each as amended, to become singletons. CMV's Mankato application and MICB's Hayfield application would be dismissed. Other applications in MX Group 124 are not involved in the proposed settlement.

The elements of the declarations required by Section 73.3525(a) of the Commission's rules are incorporated into Section 13 of the settlement agreement, to which ODC, Park, MICB, and CMV have subscribed under the penalty of perjury. There is no consideration given or promised aside from that described in the agreement. The attached settlement agreement submitted herewith sets forth the exact nature and amount of the consideration promised to Park, MICB, and CMV, and it sets forth an itemized accounting of the expenses which would be reimbursed.

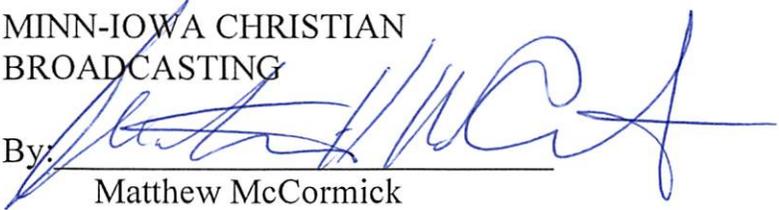

Approval of the proposed settlement agreement would serve the public interest because it would conserve the resources of the Commission and of the parties while allowing three singleton applications to result which, when granted, could foster the sooner development of new aural service for the respective communities.

The foregoing considered, the parties respectfully urge the Commission to approve the accompanying settlement agreement, to accept the proposed amendments to the applications of ODC and Park, to dismiss the MICB application at Hayfield and CMV application at Mankato, to accept for filing the applications of ODC and Park as amended, and eventually, to grant the ODC and Park applications.

Respectfully submitted,

11. **SPECIFIC PERFORMANCE**. The parties acknowledge that the broadcast authorizations which may result from the above-identified applications to be amended are unique assets not readily available on the open market and that money damages alone will be inadequate to compensate either party in the event of a default of this Agreement by any other party. The parties agree that in the event of a party's failure to perform its obligations hereunder, any nondefaulting party shall be entitled to seek a decree of specific performance to be imposed upon the defaulting party. In such event, the defaulting party shall waive the defense that there is an adequate remedy at law.

12. **LEGAL SUFFICIENCY**. Each party represents and warrants to the others that it is legally qualified to enter into this Agreement and to undertake the duties and obligations set forth herein in a timely manner, and that its signatory is duly authorized to bind it hereunder.

All consideration for this settlement is identified in this Agreement. Neither the party represented by each respective signatory, nor any principal of such party, has received or been promised any consideration of any kind in connection with this Agreement except as stated herein. The parties submit that FCC approval of this settlement would be in the public interest. Resolving mutual exclusivity with respect to the Park Applications and the ODC-Claremont Application would conserve the resources of the FCC and of the parties and would foster new noncommercial broadcast services to the communities of Rochester, Medford, and Belmond.
