

TECHNICAL SUMMARY  
AMENDMENT OF APPLICATION FOR LICENSE  
CLASS A TELEVISION STATION WDME-CD  
FACILITY ID 168449  
WASHINGTON, DC  
CHANNEL 20

1. On April 22, 2022, an application for license was filed to cover the construction permit of WDME-CD under FCC File No. 0000151019. *See* FCC File No. 0000189615. The instant amendment has been prepared to correct the as-built antenna model, which differs from that shown in the authorization.

2. Specifically, the as-built transmitting antenna model was changed from the authorized model TLP-4B/VP, to the following:

- a. Model = **TLP-6B/VP**

The WDME-CD facility was otherwise constructed according to the construction permit authorization and there are no other changes.

3. The change in omnidirectional antenna model is permitted at the application for license stage according to Section 73.1690(c)(1) of the FCC Rules.
