

## **EDUCATIONAL QUALIFICATIONS**

Restored Together Radio, Inc. is a nonprofit corporation organized under the laws of Georgia in 2021. It was developed to meet the increasing need of providing restoration of physical, mental, relational and spiritual health to the communities it is privileged to serve, via education, through the medium of radio.

Restored Together Radio, Inc. has the following educational objectives:

1. To make religious instruction and moral teaching engaging, comprehensible and accessible for the youngest to the oldest members of the community.
2. To strengthen the family unit with practical, easily implemented tools for connecting and healing amidst the ever changing structure of the family.
3. To empower the community with understanding of health challenges from root cause to effect (disease) to restoration.
4. To put readily available tools in the hands of the community geared to turnaround the growing mental health and substance abuse crises.
5. To broaden understanding of the diverse cultures that make up our community and of those around the world. Thus helping bridge gaps of ignorance and misunderstanding that can plague community cohesiveness.
6. To facilitate discussion including an open engagement with the audience providing the ability to ask questions of specialists and experts in areas of family well-being, physical and mental health challenges, contemporary social, religious and personal life issues.
7. To review history past, in relation to the present to help communities face the future with confidence.
8. To teach the ideals of citizenship, integrity, personal responsibility, moral rectitude and spiritual maturity.

To further those educational objectives, the Restored Together Radio Inc, proposes to present a variety of programming to inform, entertain, stimulate and educate the audience in the proposed service area. The programming will be directed to listeners of all backgrounds in an effort to instill a sense of harmony and cooperation among all members of the community.

Subject matter covered by programming will include family development, science, history, current events, child rearing and education, health information and religion. Programs will be developed and selected so as to be responsive to the needs and interests in the proposed service area.
