TV Translator/LPTV Certifications
Rebroadcast Consent and K20HB Silent Status

The following translators included on this application are rebroadcasting programming that originates at a full power station also licensed to Montana State University:

K14NJ-D, Hot Springs, MT
K14KB-D, Belgrade, Etc., MT
K20HB, Billings, MT
K24MP-D, Butte, MT
K27MS-D, Pablo/Ronan, MT
K33OP-D, Helena, MT

Licensee therefore has responded “N/A” in response to the certification regarding rebroadcast consent.

TV Translator K20HB currently is off the air. The station suspended analog broadcasts on June 16, 2021, in connection with the July 13, 2021, deadline for LPTV stations and TV translators to cease analog operations. On May 14, 2021, Licensee filed a request to extend the facility’s digital flash cut construction permit until January 10, 2021, which request was granted on May 21, 2021 (*see* LMS File No. 145528). Licensee has almost completed construction of the digital facility and expects to complete construction and return the station to the air before the end of December.
