

Purpose of Amendment

This amended license renewal application for KUSM-TV and related TV translators has been filed to update the status of translator K20HB by revising the answer to the “Silent Status” certification for the facility and by providing a new exhibit: “Explanation of K20HB Adherence to Minimum Operating Schedule Certification.”¹

¹ Additionally, please note that the reference in the “MSU – Translator Rebroadcast Consent and K20HB Silent Status” exhibit included with the initial renewal filing to “K14KB-D, Belgrade, Etc., MT” should have instead referenced “K17KB-D, Belgrade, Etc., MT.”
