

Low Power Television station KKIF-LD, Twin Falls, ID, was licensed on Ch. 48 and was thus displaced in the spectrum auction. While its displacement CP did not expire until September of 2021, went silent on 9/25/2019 when T-Mobile advised that it was activating deployment in the 600 MHz band. (LMS0000082202). A request for extension of that Silent STA was timely filed in March 2020 (LMS 000018230) but was never granted. The station resumed operations on 8/20/2020 and a license to cover was filed (LMS0000120600) and granted on 8/21/2020.

Licensee entered into a lease of the facility in March 2021 and the station has been taken silent to conserve resources until the party leasing the facility was ready to begin providing programming (LMS0000139809). The STA was extended (LMS0000158720). The station resumed operations on December 22, 2021 (LMS0000177702) and a license to cover was granted on December 23, 2021 (LMS0000177703)
