

FCC Form 303-S
Public Inspection File

The Station completed its 1st quarter 2017 and 1st quarter 2022 issues/program list in a timely manner but uploaded the reports in both instances a few minutes after 11:00 PM Mountain Time Zone which is past the Eastern Time Zone FCC deadline. Additionally, the Station also completed the 3rd quarter 2019 issues/program list in a timely manner but inadvertently uploaded the report on October 11, 2019, a day after the deadline. The Station completed the 1st quarter 2019 issues/program report by deadline but erroneously uploaded another Arizona sister station's report, the correct report was immediately upload when the error was discovered. The station prepared the 3rd quarter 2019 Children's Programs Commercial Limits Certification in a timely manner but in advertently uploaded the document on October 11th.

KFPH-CD, Phoenix, AZ (the "Station") believes that it has generally met the requirement in Section 73.1943(c) of the FCC rules to post political orders to the online public inspection file "immediately, absent unusual circumstances." The Station simulcasts the signal of co-owned full power station KFPH-DT, so that political orders of KFPH-DT are also simulcast on KFPH-CD. For the primary elections of 2020 such political orders were mostly posted to the public file of the originating station but, in an abundance of caution, all of the KFPH-DT political orders for 2021 and the current ones of 2022 were posted to the political file of both the originating and the simulcast station. In an abundance of caution, the Station reports the following:

- In April 2021, the Station uploaded information for a non-candidate issue ad for AFL-CIO 12 days after the contract was finalized.
- In May 2021, the Station uploaded information for a non-candidate issue ad for End Citizens United Let America Vote Action Fund 19 days after the contract was finalized.
- In September 2021, the Station uploaded information for a non-candidate issue ad for Center Forward 6 days after the contract was finalized but before the end of the flight dates.
