Explanation of Translator License to Cover Filing and Compliance with Special Operating Conditions or Restrictions.

1. The applicant certifies coordination with other users of the site to reduce power or cease operation as necessary to protect persons having access to the site, tower or antenna from radiofrequency electromagnetic fields in excess of FCC guidelines.
2. The applicant acknowledges this construction permit authorizes the mounting of the antenna on the non-directional tower of AM Station KROS(AM) – Clinton, IA (Frequency 1340 kHz). As KROS(AM) will concurrently be filing its own Form 302-AM License to Cover Application associated with KROS(AM) Construction Permit BP-20210927ACR; following installation of the antenna, the permittee has made tower impedance measurements and submitted these in the application for the new AM license. This application, including a tower sketch of the installation, has been filed with the Commission by the AM station licensee using form FCC 302-AM. The permittee submits confirmation of completion of the requirements of this condition in this application for license to cover this construction permit. (See attached Engineering Section of KROS(AM) Form 302-AM License to Cover Application)
3. The applicant certifies that prior to commencing program test operations, the applicant has on file at the Commission an FCC Schedule 350 Application for an FM Translator License pursuant to 47 C.F.R. Section 74.14.
