

AGREEMENTS FOR SALE AND TRANSFER OF KAMZ (FM), TAHOKA, TEXAS

There are no such agreements. This long-form application for assignment of license of FM Station KAMZ, Tahoka, Texas, (Facility ID Number 77643) is conditioned upon the grant of a pending short-form involuntary assignment application (File No. 0000143999, filed 04/26/2021, and amended on 05/18/2021) seeking to assign the license of KAMZ from the licensee, Albert Benavides, who died in 2012, to his Estate, administered by his natural daughter, Christina Benavides. This long-form application would assign the license of KAMZ from the Estate of Albert Benavides to his heir-at-law and next-of-kin Christina Benavides, as an individual.

There has not been any probate proceeding involving the Estate. The Station has been operated by the daughter of the decedent, Christina Benavides, who is the heir at law and next of kin of the decedent. The attached Affidavit of Heirship prepared by Texas counsel for Christina Benavides is sufficient, without more, to permit Christina Benavides to act on behalf of her deceased fathers' Estate.

This long-form application (like the previously filed, pending short-form assignment application) is being filed without prejudice to any enforcement action that may be necessary due to the delay in filing either application. As explained in the pending short-form application, the delay was inadvertent, being due to a lack of awareness on the part of the daughter of the decedent, Christina Benavides, of the necessity of seeking Commission consent to the Assignment of License to the Estate of the deceased licensee and hence to Ms. Benavides as heir-at-law and next-of-kin.
