

## KVSD-LD Renewal

### Silent Periods and Operation with Engineering STA Exhibit

As a result of the FCC's spectrum repack and displacement related issue, the station was silent - with FCC authorization- for periods of time during the last license term. At other times, it operated with engineering STAs to enable it to get back on the air before the 12-month off air date and provide service to the public.

The Station was silent from 6/17/17 to 5/31/2018, 8/31/2018 to 7/2/2019, 12/10/2019 to 12/5/2020 (See files 000002596, 0000036009, 0000054870, 0000062875, 0000068923, 0000093116, 0000115694)
