Facility ID No. 53947

Notice of Reduced Power Operation and STA Request

On behalf of Purdue University ("Purdue"), licensee of non-commercial educational station WBAA-FM, West Lafayette, Indiana, please be advised that WBAA-FM is operating at reduced power due to lightning damage sustained by the transmitter in a recent storm. The station is currently operating with an effective radiated power of approximately 5.5 kW. Purdue requests special temporary authority ("STA") to continue operating WBAA-FM at reduced power while it awaits replacement parts enabling it to restore full power operation.
