

### **Request for Special Temporary Authority to Remain Silent**

Northern Broadcasting Company, Inc. (“Northern Broadcasting”), licensee of Class A television station WNCE-CD, Glens Falls, New York (Facility ID No. 450) (“WNCE-CD”), hereby requests Special Temporary Authority (“STA”) for WNCE-CD to remain silent. WNCE-CD went silent on June 17, 2022, due to loss of power at the tower site. The repairs necessary to restore electric service to the site are expected to take at least three weeks. Accordingly, Northern Broadcasting respectfully requests STA for WNCE-CD to remain silent for a period of sixty (60) days to allow adequate time for the electric repairs and for the station to resume on-air operations.
